- \* Read speed from 25MB/s;
- \* Write speed from 5MB/s\*
- \* 5 Years Limited Warranty

### Technical Specifications

- \* Available Capacities: 4GB, 8GB, 16GB, 32GB and 64GB
- \* Colour: Black and Red
- \* 5 years hassle-free warranty
- \* High Speed Data Transfer Performance:  
Read performance is from 25 MB/s,  
Write performance is from 5 MB/s  
\*\*\*The rate of performance depends on the different operating system available and various flash adopted\*\*\*
- \* Universal Serial Bus 1.1, 2.0 & 3.0 compatible (USB)
- \* Plug and Play compatible
- \* Operation voltage: 4.5~5.5V DC from USB port
- \* Operating Temperature ranges:  
0°C to 65°C for normal operation
- \* Low power consumption
- \* USB Bus-Powered, no external power required
- \* Non-volatile storage and solid-state reliability
- \* Minimum 50,000 insertions
- \* MTBF (Mean Time Between Failure) : > 500 000hrs
- \* Data Reliability :  
< 1 non-recoverable error in 1014 bits read
- \* Retention up to 10 years
- \* OS Supported: Windows, Mac OS X, Linux.
- \* Dimensions: 49.4\*17.6 \*7 mm

### About Strontium

Strontium Technology Pte Ltd is a global leader in PC and flash memory manufacturing currently based out of Singapore. Their in-depth understanding of the memory market, coupled with expert product knowledge, gives Strontium a true competitive advantage over industry peers.

At Strontium, customers, employees and suppliers alike are viewed with equal importance and significance. This is instrumental in fostering a strong, cohesive and collaborative working culture - one that allows for the forging of strong industrial and customer relations.
