

Value Business Notebook

The smart, thin and light 15.6" Satellite Pro R50 laptop is the proven reliable professional that's designed, built and tested to keep your business moving forwards.

LONG-LASTING BATTERY

Busy execs can enjoy unplugged freedom to stay productive for up to 7.5 hours with the removable battery. Plus Toshiba's Battery Lifecycle eco-charging mode increases charging cycles by up to 40%.

KEEPS YOU PRODUCTIVE

With its rigid and robust chassis, the Satellite Pro R50 has a proven low failure rate. It stands up to the rigours of daily business use, reducing IT maintenance and significantly lowering downtime.

BUILT FOR BUSINESS

The Satellite Pro R50 is designed, engineered, manufactured and tested by Toshiba to help you succeed in business. Enjoy the peace of mind that this reliable professional notebook keeps your business moving forwards.

SMART, THIN & LIGHT

The stylish, sturdy Satellite Pro R50 makes an elegant portable office for busy execs on the go. The ergonomically designed chassis is easy to carry and use, weighing just 2.2kg and measuring only 24mm slim

PROVEN RELIABILITY

The R50 is built to handle the rough and tumbles of life in the office and on the road. Toshiba's Highly Accelerated Life Testing (HALT) includes drop, impact and spill tests to build in world-class reliability.

PORTABLE WITH AN ODD

Unlike many ultraportables, the Satellite Pro R50 features a built-in DVD SuperMulti Drive, capable of reading and writing the most popular disc formats.
